

## **NO to Euthanasia**

In June of 2014, it is expected that the National Assembly will deliberate and try to pass the euthanasia, the law that effectively legalizes euthanasia. This Bill will empower doctors to euthanize patients – and, thus, intentionally and abruptly end the lives of individuals with a lethal injection.

In recognition of the potential risks and dangerous effects if such a law is passed, we propose the following *Action Plan* that individuals and/or groups can implement – partially or wholly -- to voice their opposition to this Bill.

### **Action Plan**
